

Shoreline Suncruisers run a unique stage carriage service along the North and South Bays that make up Scarborough's extensive seafront.

The seafront service combines the idyllic experience of an open-top bus ride by the sea with the function of a stage carriage service. Choose to board and leave our buses at several stops between Scarborough's Corner Cafe in the North Bay and the Spa Complex at the end of the South Bay. Frequent daily services run between Saturday 6 February and Sunday 28 November 2010. Between Spring Bank holiday and the end of September the last bus leaves the former Corner Cafe (North Bay) and the Spa at 22.15.

This service gives you a unique means of seeing or being part of the attractions of the North Bay, the cliffs of Marine Drive, the drama of the North Sea, the working harbour, the fish and chips of the South Bay and the facilities of the Victorian Spa Complex and its Sun Court.
