

## Nidderdale Plus Community Car

This is a new service set up to help local residents who need a door-to-door service and are not able to access public or private transport due to mobility problems, a disability, or through living in a remote rural area.

Trips might be required for an appointment at the doctors or dentist, for shopping locally, for accessing other services or for socialising.

## Nidderdale High School

Nidderdale High School & Community College PTFA recently purchased a 16 seat minibus to extend extra-curricular activities for students at the school, including sports fixtures and trips.

They have generously offered use of the minibus to the Nidderdale community. Volunteer drivers, who have all undertaken minibus driver training (MIDAS), are available to assist community groups with transport needs.

### Current use of the minibus includes:

- *Monday Lunch Club run by Harrogate & Ripon CVS*
- *Thursday demand response service to Ripon market (pre-booking required)*
- *Friday occasional trips for those unable to access public transport (details available from Nidderdale Plus)*

Contact Nidderdale Plus for enquiries regarding community use of the minibus. Contact Nidderdale High School's main Reception for bookings and administration queries.

## Our Drivers

Volunteer drivers give their time freely to enable this community transport to operate. We do however need to cover fuel and maintenance costs so there is a mileage charge - currently 45p per mile - for both community car and school minibus. The minibus also incurs a small hire charge.

All our drivers undergo driver training (MIDAS) and DBS checks.

Nidderdale Plus is a non-profit making organisation - and the school PTFA a charity - which means any funds received in excess of costs incurred will be put back into this community transport to support the sustainability of these services.
